584 Peter Parker has finally managed to piece together the once-broken parts of his life, maintaining a balance between his relationship with Mary-Jane and his responsibility as Spider-Man. But more

challenges arise for our young hero. Peter's old friend Harry Osbourne has set out for revenge against Peter; taking up the mantle of his late father's persona as The New Goblin, and Peter must also capture Uncle Ben's real killer, Flint Marko, who has been transformed into his toughest foe yet, the Sandman. All hope seems lost when suddenly Peter's suit turns jet-black and greatly amplifies his powers. But it also begins to greatly amplify the much darker qualities of Peter's personality that he begins to lose himself to. Peter has to reach deep inside himself to free the compassionate hero he used to be if he is to ever conquer the darkness within and face not only his greatest enemies, but also...himself.

620 In 1930's Austria, a young woman named Maria is failing miserably in her attempts to become a nun. When the Navy captain Georg Von Trapp writes to the convent asking for a governess that can handle his seven mischievous children, Maria is given the job. The Captain's wife is dead, and he is often away, and runs the household as strictly as he does the ships he sails on. The children are unhappy and resentful of the governesses that their father keeps hiring, and have managed to run each of them off one by one. When Maria arrives, she is initially met with the same hostility, but her kindness, understanding, and sense of fun soon draws them to her and brings some much-needed joy into all their lives—including the Captain's. Eventually he and Maria find themselves falling in love, even though Georg is already engaged to a Baroness and Maria is still a postulant. The romance makes them both start questioning the decisions they have made. Their personal conflicts soon become overshadowed, however, by world events. Austria is about to come under the control of Germany, and the Captain may soon find himself drafted into the German navy and forced to fight against his own country.

- 1232 The Power of One is an intriguing story of a young English boy named Peekay and his passion for changing the world. Growing up he suffered as the only English boy in an Afrikaans school. Soon orphaned, he was placed in the care of a German national named Professor von Vollensteen (a.k.a. Doc), a friend of his grandfather. Doc develops Peekay's piano talent and Peekay becomes assistant gardener in Doc's cactus garden. It is not long after WWII begins that Doc is placed in prison for failure to register with the English government as a foreigner. Peekay makes frequent visits and meets Geel Piet, an inmate, who teaches him to box. Geel Piet spreads the myth of the Rainmaker, the one who brings

peace to all of the tribes. Peekay is cast in the light of this myth. After the war Peekay attends an English private school where he continues to box. He meets a young girl, Maria, with whom he falls in love. Her father, Professor Daniel Marais, is a leader of the Nationalist Party of South Africa. The two fight to teach the natives English as Peekay's popularity grows via the myth. Peekay loses focus until he sees the success of his language school among the tribes. He and Gideon Duma continue the work in hopes of building a better future for Africa.

1637 Rose and Gregory, both Columbia University professors meet when Rose's sister answers Gregory's personals ad. Several times burned, the handsome-but-boring Gregory believes that sex has ruined his life, and has deliberately set out to find and marry a woman with absolutely no sex appeal. Greg thinks he's found what he's looking for in Rose, a plain, plump English Lit professor who can't compete with her gorgeous mother and sister. More out of mutual admiration and respect than love, Greg and Rose marry. Greg assumes that Rose understands that he is not interested in a sexual relationship. He's mistaken, and their marriage is nearly destroyed when Rose tries to consummate their relationship. While Gregory is out of the country on a lecture tour, Rose diets and exercises to transform herself into a sexy siren in a last-ditch attempt to save her marriage.

1763 During the Napoleonic Wars, a British frigate, HMS Surprise, and a much larger French warship, the Acheron, with greater fire power, stalk each other off of the coast of South America. Russell Crowe brings great intensity to the role of Captain Jack Aubrey. Lucky Jack, as he is referred to by his crew, is well regarded by his men, who trust him implicitly, even after the first devastating battle and an apparent personal vendetta against the French captain. While the naval battle sequences are quite fantastic, the film is successful because director Weir chose to build the story to get to know the men who are locked aboard the tight quarters of a small ship and how they interact everyday. The officers and the mates are well-known by the time the final battle comes. Paul Bettany offers a strong performance as the surgeon and naturalist who balances the violence of his chosen life with the quiet demeanor of the scientist. He is the captain's friend and confidant, the two frequently playing violin and cello duets together. The horrors of the injuries from the war are frequently implied, but vividly depicted in the reactions of the characters.

It is the tale of Harry Potter, an ordinary 11-year-old boy serving as a sort of slave for his aunt and uncle who learns that he is actually a wizard and has been invited to attend the Hogwarts School for Witchcraft and Wizardry. Harry is snatched away from his mundane existence by Hagrid, the grounds keeper for Hogwarts, and quickly thrown into a world completely foreign to both him and the viewer. Famous for an incident that happened at his birth, Harry makes friends easily at his new school. He soon finds, however, that the wizarding world is far more dangerous for him than he would have imagined, and he quickly learns that not all wizards are ones to be trusted.

It was a full-blown TV series that ran for four years.) A well  
respected Chicago surgeon Dr. Richard Kimble has found out that  
his wife, Helen, has been murdered ferociously in her own home.  
The police found Kimble and accused him of the murder. Then,  
Kimble (without Justifiable Reason) was tried, convicted, and  
sentenced to death. However, on the way to prison, Kimble's  
transport crashed. Kimble escapes and is now on the run. Deputy  
Samuel Gerard from Chicago takes charge of the chase of Kimble.  
Meanwhile, Kimble makes up his own investigation to find who  
really killed his life, and to lure Gerard and his team into it as  
well.
